Thinking Ahead:

Preliminary Content for Edfluences

D&R: July 24th, 2012

Rebecca Hyams
Greg Schrank
Rebekah Wallin

Future of Libraries Interns
Overview

- What is the mSchool?
- Umbrella for EdLab Products
Overview

What is Edfluences?

Alternative Learning Platform
Overview

- Goals for this morning
  - Get feedback and chart a course for development
Using Camtasia for Tutorials and Lessons

- Video lessons (via Vialogues) with assignments, resources, and assessments
- Designed for both internal and external use
Mini-breakout #1

(Post responses to blog)

- Did you learn something? Was it what you would have expected?
- What do you like about the presentation of the content?
- How can we improve this learning experience?
- What do you think of the use of Moodle as a platform?
- Any comments or questions?
Getting Started with Google Analytics

- Designed to get users up and running with Google Analytics
- Provides general overview of product with links to more advanced resources at the end
Mini-breakout #2
(Post responses to blog)

- Did you learn something? Was it what you would have expected?
- What do you like about the presentation of the content?
- How can we improve this learning experience?
- What do you think of the use of Moodle as a platform?
- Any comments or questions?
Welcome to **EdLab**

- An introduction to EdLab products
- A resource for new EdLab and library staff, the TC community, and anyone else who might be interested
Mini-breakout #3
(Post responses to blog)

- Did you learn something? Was it what you would have expected?
- What do you like about the presentation of the content?
- How can we improve this learning experience?
- What do you think of the use of Moodle as a platform?
- Any comments or questions?
Developing the big picture

(open discussion time)

Things to consider:

- In your opinion, what makes a good online course?
- How can this inform the development of Edfluences?
- Who should our target audience be?
- What direction would you like to see this project move in?
Thanks for your feedback!

Please feel free to give us any additional feedback on our individual courses or ideas for the mSchool/Edfluences
